INCLUDING A LOW REFRACTIVE THIN	)	
FILM AND METHOD OF FABRICATING THE	)	
SAME	)	

Commissioner for Patents  
U.S. Patent and Trademark Office  
Alexandria, VA 22314

Sir:

**INFORMATION DISCLOSURE STATEMENT (IDS) UNDER 37 C.F.R. § 1.97(c)**

Pursuant to 37 C.F.R. §§ 1.56 and 1.97(c), Applicant brings to the attention of the Examiner the documents listed on the attached PTO-1449. Each item of information contained in this IDS was first cited in a communication from a foreign patent office in a counterpart foreign application not more than three months prior to the filing of this IDS. Applicant respectfully requests that the Examiner consider the listed documents and document evidence of consideration by making appropriate notations on the attached form.

Copies of the listed foreign documents are attached. Pursuant to 37 C.F.R. §1.98(a)(2)(ii), copies of the U.S. patents and published U.S. patent applications are not included but will be provided upon request. The foreign documents included in this IDS were cited by the Korean Patent Office in an Office Action dated August 28, 2008 in a corresponding patent application. A copy of the Korean Office Action is enclosed for the Examiner's consideration.

As the listed foreign references are in a language other than the English language, the relevance of these documents can be understood from the English abstract and the figures contained therein. Additionally, corresponding US patents have been listed as English equivalents. Applicant requests that the Examiner consider the listed documents and evidence that consideration by making appropriate notations on the attached PTO Form 1449.

This submission does not represent that a search has been made or that no better art exists and does not constitute an admission that the listed documents are material or constitute "prior art." If it should be determined that the listed documents do not constitute "prior art" under United States law, Applicant reserves the right to present to the Office the relevant facts and law regarding the appropriate status of such documents. Applicant further reserves the right to take appropriate action to establish the patentability of the disclosed invention over the listed documents, should any of the documents be applied against the claims of the present application.

**Except** for issue fees payable under 37 C.F.R. § 1.18, the Commissioner is hereby authorized by this paper to charge any additional fees during the entire pendency of this application including fees due under 37 C.F.R. §§ 1.16 and 1.17 which may be required, including any required extension of time fees, or credit any overpayment to Deposit Account 50-0310.

Respectfully submitted,

**MORGAN, LEWIS & BOCKIUS LLP**
